ROOSEVELT NOTIFIED OF HIS NOMINATION

Formal Ceremonies Occur at Sagamore Hill.

WAS SIMPLE IN ITS CHARACTER

Notification of Action of Convention Made on Benalf of Committee Rep. resenting Every State and Territory In the United States.

Oyster Bay, L. I., July 28.-President Roosevelt was notified formally today of his nomination for the presidency by the national Republican convention. The ceremony took place at his country home at Sagamore Hill, 3 miles from this village. In accordance with the wish of the president, the ceremony was made as simple as possible.

The formal notification of the action of the convention was made on behalf of a committe representing every state and territory in the United States, by Joseph G. Cannon, speaker of the house of representatives.

The day opened with ideal weather, and arrangements for the ceremony were completed at an early hour. The

PRESIDENT BOOSEVELT. [From a new photograph.]

wide veranda of the house at Sagamore Hill, extending almost entirely around the house, was decorated with American flags from pillar to pillar.

In addition many houses in the neighborhood of the Roosevelt home and in Oyster Bay were draped with the national colors. Across the main street of the village there hung a large Roosevelt and Fairbanks banner.

The special train bearing the members of the notification committee and the invited guests left Long Island City at 10:32 and arrived here at 11:35 o'clock. Only three of the members of the committee were were absent. They were James M. Coombes, of Florida; Senator Chauncey M. Depew, of New York, who is in Europe, and Senator Clarence D. Clarke, of Wyo-

Included among the invited guests were men prominent in all walks of life. Among them were personal and political friends of the president in New York state, life-long friends and neighbors of Long Island, including the pastors of the Oyster Bay churches and the officials of the national and New York state Republican organizations. Those present numbered about 125. It was necessary to limit the number on account of the isolation of Sagamore HIII and the lack of facilities for the accommodation of a larger assemblage. On arrival at Sagamore Hill the committeemen were received by President Roosevelt, Mrs. Roosevelt and National Chairman George H. Cortelyou. All of the house guests of the president were gathered on the veranda and as the occupants of each carriage alighted they were welcomed by the president and each was presented to Mrs. Roosevelt.

At the conclusion of the informal reception the ceremony of notification began. While the members of the family, the house guests and some of the distinguished visitors were assembled on the veranda, a majority of those in attendance gathered on the lawn facing the veranda.

When Speaker Cannon rose to deliver his speech of notification, he was greeted with applause.

At the close of Mr. Cannon's address the president advanced to the veranda railing and standing under a great festoon of American flags, delivered his address in response to the notification. As he faced the assemblage

he was warmly applauded. At the concluion of the addresses

President Roosevelt held an informal reception and received the congratulations of the committeemen on his

Among the invited guests were Chairman George B. Cortelyou, Governor B. B. Odell, Senator T. C. Platt, Senator John Kean, of New Jersey; former Secretary Elihu Root, Cornelius H. Bliss and former Governor Frank S. Black.

FEAR DROVE HIM MAD.

Strange Experience Foreman Gang of Pipe Layers.

Derby, Conn., July 28.—The terrible fear of the unseen inherent inhumanity came upon James Barrett and drove him mad as he lay in a 24-inch water main 300 feet from its mouth.

Barrett was foreman of a gang of pipe layers engaged in laying 1,000 feet of 64-inch main pipe from Beaver lake to the Beaver reservoir, in course of construction between Derby an-

Barrett though tired mentally and in the pipe from the inside. Working I himself forward on his stomach he succeeded in reaching a point about 300 feet from the opening, where he halted to rest. He was instantly in darkness and the pipe, coated with a clammy moisture, was cold. Not a sound from the street above reached

For an hour his workmen waited for his return. Then fearing something had happened to him, one of them started through the pipe. Three hundred feet in the pipe the workman touched the shoes of the unfortunate foreman. Barrett, his clothing twisted and torn, lay unconscious.

By a rope attached to his feet he was hauled to the street. Five minutes later, with a physician bending over him, Barrett became conscious only to leap to his feet and attempt to throttle those nearest him. It took 18 men to restrain the madman.

There is little hope of his mental re-

WASHINGTON'S ELM.

Historic Tree at Morristown, N. J. Falls Under Ax.

Morristown, N. J., July 28 .- Wash ington's elm, a famous old tree which has stood at the corner of Elm and Morris streets for more than a century and three quarters, has been cut down,

Washington had his headquarters here during the winter of 1779-80. At | ing of the various unions interested that time there was talk of cutting down the tree, but on account of its beauty and great age Washington prevailed upon the owner to leave it

Since then it has been famous as Washington's Elm, and has been protected in every possible way. When LaFayette came to Morristown in the early part of the nineteenth century, he visited this historical tree and made a short address under its spreadin

ATTITUDE OF GERMANY.

Remarkable Change In Same Has Take en Place.

New York, July 28.-In 64 hours there has been a remarkable change in the attitude of Germany, says the Berlin correspondent of The Herald.

As soon as the St. Petersburg government had given the Berlin cabinet full satisfaction in the matter of the seizure of the Prinz Hein h and the Scandia, all idea of backing up England in a protest regarding the passage of the Dardenelles by the Russian volunteer fleet was abandoned, and 1 is authoritatively stated that the ques tion no longer interests Germany.

Was Not Murder Declares Jury.

Atlanta, July 28.—The coroner's jury decided Tuesday afternoon that George Ray, who died early Sunday morning in the Grady hospital, came to his death from an overdose of morphine, taken by his own hands. This verdict exonerated Estelle Bryant, woman held on the charge of poison ing Ray. The jury reached a verdict

the case. BOLTS DEAL DEATH.

after three hours' deliberation over

Five Persons Killed During Severe Electrical Storm.

Hazelton, Pa., July 2 .- Five persons were killed here late last night

during a severe electrical storm. At Oneida three foreign-speaking miners and a boy were instantly kill ed by a bolt of lightning while sitting at a table. All four were terribly burned and the clothing almost com-

pletely torn from their bodies. At Quakake Valley, lightning stru the home of Miley Hinkle, instantly killing Mrs. Hinkle and seriously injuring her daughter.

LITTLE CHANGE IN PACKINGHOUSE STRIKE

Sympathetic Strike Is Possible at East St. Louis.

NEGROES ROUGHLY HANDLED

Chief of Palice O'Neil, of Chicago, Takes recautions to Minimize the Danger et Ricting-Meat Wagons Ecorted by Policemen.

Chicago, July 28.—To minimize the danger of moting, should the packing companies attempt to deliver meat to leen, customers with nonunion teamsters, Chief of Police O'Neill has given instructions that all hauling shall be done on Halstead street.

The chief declares that all teamsters will be protected from violence, but physically decided to inspect the joints to make this possible, the hauling must be confined to one street, which will be strongly patrolled.

> The order calling out the packing house teamsters affects many other drivers as well. Those employed or market and grocery delivery wagons trucks, tallow and bone wagons, bakery, ice and express wagons are prohibited from handling any goods to or from the packing plants. While it is said to be the intention of the pack ers to ship practically all the meat to outside points by rail and make no ef fort to take care of the by-products the strikers expect to cause the: much inconvenience by shutting off supplies of all kinds as far as possi-

Nine wagons loaded with meat were sent out today from the Schwartzchild & Sulsberger plant at the stockyards. The wagons had been repainted, the lettering removed, high sides placed on them and covered with tarpaulin as a disguise. They were escorted from the yards by a dozen policemen, who were relieved by another detail to guard them on their way to the north side of the city.

Small Riot at Kansas City.

Kansas City, July 28.—Not until to night will the members of theallied trades in Kansas City vote upon the question of a sympathetic strike. J A. Keeler, president of the Central Labor union, has called a special meetfor this evening to consider the matter. Labor leaders assert that the men only await an order to go out. and that one thousand will be affected

The first real show of violence on the part of the strikers was displayed when Armour & Co., tried to take 30 negroes in a box car into their plant. The strikers had learned of the packers' intentions and when the car came in sight there was a mob of strikers and strike sympathizers on hand to greet the negroes. The mob forced the crew to stop the train, and then made for the car. The negroes wre pulled off and roughly handled, while a number jumped from the car

and escaped. Several shots were fired, but no one was hurt, and when the police arrived the crowd dispersed. No arrests were made.

Today each of the plants increased their forces, all reporting steady progress in every department.

Sympathetic Strike Probable.

East St. Louis, July 28.-A sympathetic strike of the allied trades employed at the packing plants here seems more probable than at any time since the trouble began. If the sympathetic strike by these allied trades is not ordered, it is stated that almost all the members of these unions in East St. Louis will walk out anyway.

Men secured in St. Louis by employment agencies are coming across the river in squads and are being taken care of in the camps established by the three packing companies in their yards. It is asserted by the strikers that the packers are doing very little killing and that much of the by-products are wasted as the result of unskilled labor.

DOUBLE TRAGEDY.

Woman Slain by Lover, Who Then Takes His Own Life.

Pueblo, Colo., July 28.-Mrs. J. J. Afflery was almost instantly killed by a bullet from a revolver in the hands of her lover, John Anderson, who immediately afterwards shot himself fore through the heart.

Jealousy is said to have been the cause of the double tragedy. Neither party has relatives in the

city and both bodies were taken to th

WIERD PREDICTION MADE.

Fate of Democratic Ticket as Portray ed by Alleged Seer.

Jackson, Miss., July 27.-A political prophet at Raymond has put forth a very weird perdiction. The Raymond seer says that the Parker and Davis ticket will be elected, but Vice President Davis will die of exhaustion dur. ing the inaugural ceremonies ,and the on the morning of June 17, 1906, at 7:32 o'clock, President Parker will be at his home at Esopus, and will dive into the Hudson river and never come up again. John Sharp Williams, who is slated for secretary of state, will then succeed to the presidency.

CAMPAIGN COTTON.

Proceeds of First Bale Go to Campaign Fund.

Savannah, Ga., July 27 .-- The bale of cotton of Deal Jackson, the Albany negro farmer, who produced the first bale of Georgia cotton, was sold in New York for 19 cents a pound. The proceeds from the sale to the Dem ocratic national campaign fund. Hr. Stewart, who bought the cotton here labeled it "Parker and Davis," and directed that the proceeds from the sale be so donated.

Not Suicide.

Savannah, Ga., July 27.—Young James Persons, the Eastman drug clerk who left a note declaring his in tention to jump into the river, is still missing and the mystery of his disappearance is unsolved. E. E. Per sons, the brother from Eastman, who came to investigate the disappearance left for home, declaring that he does not believe his brother committed suicide. E. E. Persons found that James had pawned the revolver with which he wrote, he had tried to take his life. It has developed that James tried to enlist in the United States marine corps, but was turned down be cause of the condition of his teeth.

REMARKABLE HAILSTORM.

Made Dents In Houses-Tore the Bark From Trees.

Raleigh, N. C., July 28.—Rev. D. T. N. Ivey, editor of The Methodist Christian Advocate, has returned from a visit to the hail-smitten district in Scotland county, where 100 farms were swept. He says the hail made dents in the houses, actually tore the bark from red oak trees and swept away scores of farms, while in other cases the dead stalks of ruined crops alone remain.

He further says the hail must have evidently killed persons exposed to it.

Convict Escapes.

Montgomery, Ala., July 27.-Jeb Ray, white, has escaped from t mines at Flat Top. He is c with burglary and grand larceny an was sent up for two years. A rev of \$50 has been offered for him
